HOW MANY LINES OF DEDICATION CAN I HAVE ON A TABLET?

On a small tablet the dedication is limited to three lines of text, if you choose a large tablet this gives space for up to six lines of text.

DO I HAVE TO USE THE WHOLE TABLET?

When considering the wording for the memorial it is not necessary to fill the whole tablet. It is acceptable to only use one or two lines on a small tablet or three or four on the large tablet. The actual layout will be designed by our Stonemason. The large tablet can also be used for a double entry i.e. the initial inscription of three or four lines, and the remaining lines to be reserved for use at a later date.

HOW MANY LETTERS WITH SPACES CAN I USE ON EACH LINE?

The number of letters/figures and spaces on each line of the tablet should be limited to approximately 24, for example IN LOVING MEMORY OF has 16 letters and 3 spaces, giving a total of 19. Should you exceed these figures it may be necessary for your dedication to be amended.

WILL I BE ABLE TO SEE THE LAYOUT OF THE MEMORIAL INSCRIPTION?

You will receive a layout drawing of your memorial inscription which will be to the actual size of the finished tablet and is designed for you to read, make any corrections if necessary, sign and return to us.

No work will be undertaken until the signed drawing is received back by us
